

Hospital Ministry Guidelines

1. For first-timers, we invite you to observe while we minister to so you can get the feel for what we're doing and how we minister. Please ask questions as we value you and want you to feel comfortable. You will have the opportunity to go with 2 different SS team leaders before we invite you to participate. We LOVE to activate people to heal the sick and are eager for you to heal the sick along with us.
2. If possible, we pair a man and woman together. If we approach a man, the man takes the lead. If it's a woman, the woman takes the lead.
3. Our overriding goal is to love well because in John 13:34 it says "*by this everyone will know that you are My disciples if you love one another.*" We greet the person/people and share our names and say we come out on Tuesdays to pray for people. We begin each conversation by asking questions and listening. If nothing happens after our prayer, yet the person feels loved, we've done our job.
4. This is a partnership with the other person. Regardless of who leads, Holy Spirit is always in charge and each person contributes as HE leads us. Ecclesiastes 4:9 "*Two are better than one; because they have a good reward for their labor.*" In my experience with Street Soldiers, if you dominate the conversation, no one will want to partner with you. We are ALL there to minister together as one.
5. Keep your eyes open when praying or healing so you can see if your partner has a word. Then watch the miracle unfold!
6. While you may be absolutely qualified and capable of doing this solo, we are ministering together so we expect give and take with each other. That way, the person we're praying for gets doubly blessed. We believe Matthew 18:19 *that where 2 or 3 agree in prayer, it is done.* . Please don't wander off when you see someone that we could minister to. Wait until 2 people can go together. Please stick with your partner.
7. We have several resources we share with people: Prayer Hotline rubber bracelets or business cards, Shiloh's postcard, Fred's Scripture card.
8. One person will take notes that we give to Bishop Johnny for Shiloh's prayer team to pray over. You may also want to take notes so you can put these testimonies in your own Healing Journal.

9. Inside Hospital Protocol: Only 2 go to the room where you are invited. Follow all hospital safety protocol with gowns, gloves, face mask. After praying for the patient, ask them or their family member if they would like for us to come next Tuesday. If yes, get the patient's name and room number. Take notes so we know who to check on the next week. If available we like the same team to visit the patient to continue building relationship with them. Give them a rubber bracelet and encourage them to call for prayer every day. Don't ever go to a random room. If you're in ICU, feel free to ask other family members if they'd like prayer for their loved one.

10. Other miscellaneous NOTES: We do NOT wear our SS tshirts at Grant Hospital. Please don't have any cash on your person because you will get asked by homeless people for money and you can honestly say you have none on you. We do NOT give people cash.

Finally, on the streets, we live Romans 15:18 ^{TPT} *Now may God, the inspiration and fountain of hope, fill you to overflowing with uncontainable joy and perfect peace as you trust in Him. And may the power of the Holy Spirit continually surround your life with His super-abundance until you radiate with hope!* We have a blast on Tuesdays and hope you'll join us. It's such a blessing and honor to see miracles and healings every week. We look forward to seeing you soon!

Commitment: *I am willing and able to honor these guidelines that you have set forth and am excited to serve alongside you. I am open to SS team leader's feedback so I can grow and be a blessing to those in need and for those at the hospital.*
