

# STREET SOLDIERS

Dear Prayer Friends,

We are so blessed to have you join us in this historic moment. We've seen a move of God in the hearts of people in a mighty way through the Covid 19 pandemic where the believers became stronger in isolation as they grew more dependent on the Father, but the opposite has happened to those without God. We believe this Prayer Line can offer help and healing to those hungry for God. We believe that you were created for such a time as this, and our strongest belief is that God will meet the needs of every person reaching out through His mighty power. Thank you for standing in the gap for many who will call.

This correspondence will hopefully answer some of the technical questions that you may have concerning what happens after you sign up. Let's begin by explaining some of the administration that is involved. We are using a company called Freedom Voice who will route a toll free number to your cell phone. This will protect your personal number from being seen by the caller. Their caller ID will show the prayer line (833-772-9496). Every time slot will have three phone numbers added to receive calls. To make life easier on our admins, we ask that you try to keep the same time frame each day/week whenever possible.

If you are scheduled this week please know that very few people know about the prayer line until Bishop Johnny has had the press release. Prayer is crucial right now for the media to help get the word out. Please sign up again for the following week as we will have many calls coming in after the Lord takes care of the media :)

The next email you receive from us will include a handbook which will explain everything in detail. We are working hard to include every possible referral phone number along with specific prayers and Bible verses that you may need.

As a prayer partner, you can anticipate receiving all types of calls from all segments of our community. As you can imagine this handbook will be a great resource during your shift. However it's important to remember that the main purpose of this service is to **pray** for people. Praying peace over their lives and for God to supernaturally intervene with healing is so needed today. Just think how awesome the praise reports are going to be when this comes into fruition.

Thank you for saying yes!

**Blessings from the Street Souldiers Team** (with support from: CCV, G-CAN, Catalyst For Columbus, Fatherheart Ministries, Mordecai Men, Total Life Ministries, Share Mission, Shiloh Christian Center, and others)
